Updates

- We are grateful to welcome 16 new first-year students in our 2026 intake. This new cohort reflects a continued commitment to training faithful leaders for ministry. We look forward to their growth in both knowledge and character.
- We celebrated the 15 Christ Seminary graduates in February; a milestone that reflects years of disciplined study and God’s sustaining grace. Congratulations to our graduates, and thank you to all who support this work.
- We welcomed Frank Lerumo as a new lecturer in January. A 2020 Christ Seminary graduate, Frank brings eight years of pastoral ministry experience in churches across Johannesburg and Cape Town. His experience and training will be a valuable addition to the formation of our students.

Graduate Testimonial

Daræe Bjerre: Bachelor of Theology

Studying at Christ Seminary has been a remarkable privilege and a dream fulfilled. What I initially expected to be limited to online theological training became a rich, in-person experience of learning from well-trained lecturers, engaging deeply with Scripture, and building meaningful fellowship with like-minded brothers. The academic standard challenged me intellectually, while the community and teaching environment provided a space to grow spiritually and personally. It has truly been a formative journey that has shaped both my understanding of theology and my commitment to ministry.

More than academic preparation, my time at Christ Seminary has been a season of character formation and spiritual growth. The training has not only equipped me with sound theological knowledge but has also helped shape my life toward the biblical qualifications of pastoral ministry. I am deeply grateful to the lecturers and staff who faithfully guided and modelled ministry throughout these years. While the Lord alone determines the fruit of one's ministry, the tools and foundation I have received here will remain invaluable as I continue to serve faithfully according to God's Word.
