

Book of the Quarter | Recommended Reading

To help us all grow in solid doctrine and practice, the elders have established a “Book of the Quarter” of selected Christian titles for us to be reading together as a church. We have sought to select some of the most helpful and instructive books in a broad range of important topics for the Christian life to grow us together in the faith.

Each quarter a new book will be introduced (following the schedule below), along with a specific Elder contact for that quarter, as you may have questions or want clarifications on what you are reading. We hope this will foster an increase in individual knowledge and also an opportunity for robust spiritual conversation among our members.

We also have included a booklist of “Additional Resources” which contains helpful books on specific topics. May the Lord be glorified as we grow in the grace and knowledge of our Lord Jesus Christ!
